The Group's cumulative turnover for the current financial period ended 30 September 2020 is RM 140,318,609 (year 2019-RM258,990,845) and profit before taxation is reported at RM 8,866,425 (year 2019-RM29,797,148). Profit before taxation for the current quarter is lower compared to previous year's corresponding quarter due to lower contribution of profit from projects as a result of COVID 19 pandemic. Project progress at site has been affected after government announcement of Movement Control Order commencing 18 March 2020 and the group's hospitality arm is affected by the COVOD-19 pandemic as well. The Group's performance for this year is mainly derived from profit recognition from sales of inventories in Pangsapuri Samudera , and progressive profit recognition of Kiara 163.

On a quarter to quarter basis, the current quarter profit before taxation of RM 2,209,928 is lower than previous quarter of RM 2,473,149. This is due to higher finance cost incurred for the financial quarter that out weight the reduction in administrative cost and selling cost reduction in the current quarter of the year.

#### 16. COMMENTARY ON PROSPECTS

The local and global economic climate remains challenging due to the uncertainties caused by COVID -19 pandemic. The group's project progress as well as hospitality arm are affected by the pandemic. The Group has taken counter measures and complied to strict SOP with regards to hygiene and sanitization for offices, project sites and retail mall to lessens the impact of MCO and allows the Group to be able to catch up the progress of each sectors respectively. In addition, the stimulus package announced by the government, including the reduction of Overnight Policy Rate and re-introduction of house ownership campaign will make home ownership more affordable. As such, the Board is cautiously optimistic that demand for property will be sustainable, given the strategic location and correct pricing of our properties.

The Board is cautiously optimistic of our Kiara 163 mixed development project held under D'Kiara Place Sdn Bhd ("DKP"), a wholly owned subsidiary company of YNH Property Bhd. DKP is the registered and beneficial owner of the 6 acres freehold development property located in Mont' Kiara, Kuala Lumpur, besides McDonald outlet at Plaza Mont' Kiara and opposite One Mont' Kiara. The proposed commercial development comprises:

- i) 1 block of 46 storey of service apartment and 1 block of hotel suites of 44 storey (718 units) with facilities and multi-storey car park,
- ii) 1 Small Office Versatile Office ("SOVO") Tower,
- iii) 1 shopping mall and basement car park.

#### 16. COMMENTARY ON PROSPECTS

The Kiara 163 project has a total GDV of approximately RM1.0 billon. The retail shopping mall will be one of the main attraction of the development where residents/ tenants have seamless life, work and play lifestyle. Main building for retail mall and SOVO for Kiara 163 has already been completed and handed over while the balance two blocks are expected to contribute to the Group for the next financial year.

Another prestigious project planned for the future by YNH group is the Menara YNH development, located on one of the most exclusive addresses in Kuala Lumpur city center, in the Golden Triangle area where most prestigious 5 star hotels and upmarket office spaces are found. The commercial development sits on a 130,826 sq ft (approximately 3 acres) of land with a wide frontage of 320 feet along Jalan Sultan Ismail. The location of Menara YNH also offers easy accessibility and close proximity to efficient public transport facilities such as the Putra Light Rail Transport and the K.L Monorail station. It is also located within walking distance to all major hotels and shopping centres. This Menara YNH has a GDV of approximately RM2.1 billion. Approved development order had already been obtained for this development, comprising office tower and shopping mall.

The Group has intention to keep 50% of the Menara YNH referred above as investment property and it will be used as the Group's future corporate headquarter.

The Group has also entered into a series of joint venture projects for the development of a few pieces of land strategically located near Mont' Kiara, Hartamas, Kuala Lumpur city center, Ipoh city and Seri Manjung town. These developments are at planning stage and have an estimated gross development value of RM1.8 billion and are expected to contribute to the Group's earnings for the next 15 to 20 years.

The Group had successfully completed the construction of AEON Mall Seri Manjung in year 2012 and Pantai Specialist Centre at Seri Manjung in November 2013. The presence of AEON Mall Seri Manjung Shopping Centre and Pantai Specialist Centre will further enhance the value of the balance 700 acres of undeveloped landbanks in the Manjung Point Township.

The Company had also in the 4th quarter of 2008 acquired 95 acres of strategic development land bank in Genting Highlands. The Genting land bank is located strategically next to the Genting Highland Resort and was acquired for RM16.05 million. The advantage of this land bank is that the purchase consideration is very low and it comes with infrastructure. The land has already been converted to building title. The proximity to the existing Genting Highland Resort is an advantage as the proposed development will complement the existing infrastructure. Other plus point for this development is that it is located in a cool environment and yet is 45 minutes from the KL city center as the existing highway is already completed from the KL city center to the existing resort.

The proposed development for this 95 acres land bank comprises commercial, bungalows, condominium, retail and etc. for both local and foreign investors. The estimated gross development value for this future development is RM1.96 billion and expected to contribute to the Group's earnings in the next 20 years.
